

Bolivia Vanadium Energy Storage Project

Overview

Bolivia is making waves in renewable energy with its groundbreaking energy storage initiatives. This article dives into the country's largest energy storage project, analyzing its technical specs, environmental impact, and role in Bolivia's clean energy transition.

Bolivia is making waves in renewable energy with its groundbreaking energy storage initiatives. This article dives into the country's largest energy storage project, analyzing its technical specs, environmental impact, and role in Bolivia's clean energy transition.

CleanTech Vanadium Mining Corp. has provided critical clarity on its El Triunfo Gold-Antimony Project in Bolivia, a venture poised to capitalize on a rapidly shifting global antimony market. With China's January 2025 export restrictions driving prices to over \$40,000 per ton —a 250% surge since.

Vancouver, British Columbia-- (Newsfile Corp. - April 17, 2025) - CleanTech Vanadium Mining Corp. (TSXV: CTV) (OTCQB: CTVFF) ("CleanTech " or the "Company") is pleased to announce that it has identified multiple occurrences of antimony in select drill core from the El Triunfo gold and antimony.

CleanTech Vanadium Mining acquires option rights to Bolivia's El Triunfo gold-antimony project from Silver Elephant for CAD 155,000, expanding its critical minerals portfolio. CleanTech Vanadium Mining Corp. (TSXV: CTVM) has completed a transaction to acquire the option rights to purchase the El.
