Ardagh Glass Packaging-Europe (AGP-Europe), an operating business of Ardagh Group, announced today that it has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy's St. George solar photovoltaic (PV) project in Bulgaria, securing renewable electricity for its glass.

Ardagh Glass Packaging-Europe (AGP-Europe) has secured a deal for renewable energy supply to its glass manufacturing operations across Europe from April 2026. It has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy's St. George solar photovoltaic (PV) project in.

Ardagh Glass Packaging-Europe (AGP-Europe), an operating business of Ardagh Group, announced today that it has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy's St. George solar photovoltaic (PV) project in Bulgaria, securing renewable electricity for its glass.

In Bulgaria, photovoltaic glass is gaining attention through significant renewable energy projects. Ardagh Glass Packaging-Europe has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy for a 229 MW solar photovoltaic project, which will supply 110 GWh of renew global.

Ardagh Glass Packaging-Europe (AGP-Europe), a division of Ardagh Group, has secured a long-term virtual power purchase agreement (VPPA) with Rezolv Energy. The deal will provide AGP's European glass manufacturing operations with renewable electricity from the St. George solar photovoltaic (PV).

A solar park will replace an abandoned airport in northeastern Bulgaria. Rezolv

Energy marked the start of construction of its St. George facility, of 225 MW in peak capacity. It will be one of the biggest photovoltaic plants in the country and the entire Balkans. The Silistra airport, next to the.
