

Cost of a 40-foot Mobile Energy Storage Container for Russian Farms

Overview

While a 20 ft container typically rents for \$120-\$140 per month, most 40 ft containers rent for just \$140-\$199 per month (as of August 2025). That means you can double your storage space for less than 50% more cost.

While a 20 ft container typically rents for \$120-\$140 per month, most 40 ft containers rent for just \$140-\$199 per month (as of August 2025). That means you can double your storage space for less than 50% more cost.

While there's no one-size-fits-all answer since every project is unique, it's safe to ballpark an upfront investment between \$50K-\$85K for most standard 40-foot containers converted into farms. Remember though: this isn't just about cost it's about creating a sustainable future through efficient.

20-ft Container Farm – Ideal for micro-farms, pilot programs, or educational use. Interior dimensions: approximately 19'4" (L) x 7'9" (W) x 7'10" (H) 40-ft Container Farm – The most commonly used size for commercial production.
