

Greece s new energy storage subsidy project

BASIC APPLICATION

Storage systems have been proven to be "extremely lucrative" for commercial and industrial (C&I) filed.

Overview

The programme called "Storage Systems in Businesses" will allow commercial and industrial (C&I) parties to receive grant funding for new projects that envisage coupling new solar parks with energy storage units or integrating batteries into existing photovoltaic (PV) parks.

The programme called "Storage Systems in Businesses" will allow commercial and industrial (C&I) parties to receive grant funding for new projects that envisage coupling new solar parks with energy storage units or integrating batteries into existing photovoltaic (PV) parks.

The Greek Ministry of Environment and Energy's Storage Systems in Businesses program opened this week for the submission of applications, with a budget of EUR 153.7 million (\$157.7 million). From ESS News The Greek Ministry of Environment and Energy said on January 13 that the Storage Systems in.

The Greek government has opened for applications a programme that will subsidise businesses to install energy storage systems, either as part of new solar projects or as an addition to existing plants. Battery energy storage systems (BESS) License: CC0 1.0 Universal (CC0 1.0) Public Domain.
