The average cost of outdoor lighting installation is \$2,000 to \$4,000. For instance, the average cost for a homeowner to install eight LED step lights and 12 hardscape lights around a pool area, including wiring and related costs, is around \$3,000.

How much does a solar light cost?

Installation Costs: Installation may range from \$50 to \$300 per light, depending on the complexity and the terrain. Maintenance Costs: Solar lights generally require little maintenance, but you may need to replace batteries every 5 to 7 years, adding an occasional cost of \$50 to \$300 per light, depending on the battery size and type.

How much do solar street lights cost?

All-in-One Solar Street Lights: These lights have the solar panel, battery, and LED lamp integrated into a single unit. They are easier to install and typically cost less upfront. Prices can range from \$100 to \$500 per unit. Split-Type Solar Street Lights: In this design, the solar panel and the battery are separate from the light fixture.

Are solar-powered outdoor lights LED?

Almost all solar-powered outdoor lights are LEDs, with either integrated or replaceable bulbs. Solar lights are overwhelmingly powered by LEDs because they consume significantly less energy than traditional incandescent or fluorescent bulbs, allowing for smaller batteries and longer operational times.
