.

How much does a solar well pump cost?

Solar panels come in a range of wattages, but 100-watt is the most common for solar well pumps. These tend to be more affordable than higher-wattage panels, even if you need to buy a greater number of panels. Most solar panels cost between \$1 to \$1.50 per watt, meaning you'll pay between \$100 to \$150 for a standard 100-watt solar panel.
