

# How to install the battery cabinet bracket

## Overview

---

Place the battery on top of the bottom plate then place the partially assembled bracket (top plate and side plates) over the battery. Certain battery models will need the antivibration pads on the corners of the side plates and on the bottom plate. Install as needed.

Place the battery on top of the bottom plate then place the partially assembled bracket (top plate and side plates) over the battery. Certain battery models will need the antivibration pads on the corners of the side plates and on the bottom plate. Install as needed.
