

Huawei plans to deploy energy storage project in Dublin

Overview

- GoldenPeaks Capital and Huawei sign a strategic MoU to deploy 500MWh of grid-forming battery energy storage systems (BESS) across Central and Eastern Europe.
- Partnership strengthens grid stability amid rising renewable integration, aligning with EU carbon neutrality and energy.
- GoldenPeaks Capital and Huawei sign a strategic MoU to deploy 500MWh of grid-forming battery energy storage systems (BESS) across Central and Eastern Europe.
- Partnership strengthens grid stability amid rising renewable integration, aligning with EU carbon neutrality and energy.
- GoldenPeaks Capital and Huawei sign a strategic MoU to deploy 500MWh of grid-forming battery energy storage systems (BESS) across Central and Eastern Europe.
- Partnership strengthens grid stability amid rising renewable integration, aligning with EU carbon neutrality and energy resilience goals.

Huawei's Dublin roadshow showcased innovations in ICT and energy storage, highlighting Europe's need to learn from China's sustainability progress. TLDR: Huawei's recent roadshow in Dublin highlighted the rapid advancements in sustainability solutions, drawing comparisons between Europe and China.

GoldenPeaks Capital Holdings Limited (GPC) and Huawei Polska Sp. z o.o. has signed a Memorandum of Understanding (MoU) for Battery Energy Storage System (BESS) cooperation, with the two parties planning in-depth collaboration focusing on 500 MWh BESS projects. The agreement was announced on October.

SHENZHEN, China-- (BUSINESS WIRE)--GoldenPeaks Capital (GPC), one of the largest leading independent power producers in Central Eastern Europe, and Huawei Polska Sp. z o.o., have signed a Memorandum of Understanding (MoU) on a Battery Energy Storage System (BESS) cooperation. The two parties will.

Huawei's senior solutions director for energy storage said that Europe has a lot to learn from China about sustainability solutions. The annual Huawei enterprise roadshow made a pitstop at Dublin's RDS Hall on 16 October, concluding with Ireland as its last stop on the 15-country, 25-city tour this.

Huawei today announced a €150 million investment and the creation of 200 new

jobs as it plans to open its first European cloud hub in Dublin. The announcement was made at the Huawei Connect event in Paris, France. The hub will create 60 jobs in the next 2 years and 200 by 2027, including sales. Is Ireland a good place to deploy Huawei Cloud?

We see Ireland as a strategically important location for the global deployment of Huawei Cloud. The new offering will be based on stable, reliable, secure, compliant, innovative, and sustainable cloud services customised to meet the needs of various Irish and European customers, but particularly small- and medium-sized enterprises (SMEs).

Does Huawei support Digitalization & Sustainability in Ireland?

Huawei is committed to using digital technologies to support digitalization and sustainability in Ireland.

What is a new European hub?

The new European hub will serve customers across the continent and help ambitious Irish enterprises to expand into new global markets, by providing a secure, compliant, innovative, and sustainable cloud platform for growth and development.

How many mw/216 MWh of Bess capacity did Poland add in 2025?

In June 2025, it added 54 MW/216 MWh of BESS capacity, bringing its total ready-to-build storage portfolio to 392 MW/1.6 GWh—all supported by 17-year revenue guarantees from Poland's capacity market auctions.
