

# Hybrid solar inverter factory in Germany

## Overview

---

Germany-based RTC Power has commissioned a “Giga-Fab” hybrid inverter factory in Augsburg, southern Germany. The facility features two new production lines for its DC 8 and DC 10 inverter models. The company said it will produce around 5,000 hybrid inverters per month in the future.

Germany-based RTC Power has commissioned a “Giga-Fab” hybrid inverter factory in Augsburg, southern Germany. The facility features two new production lines for its DC 8 and DC 10 inverter models. The company said it will produce around 5,000 hybrid inverters per month in the future.

In this article, the top 6 solar inverter companies in Germany in 2025 will be introduced, from basic information to latest news about these companies. As of the end of 2024, the total installed capacity of photovoltaics in Germany has exceeded 100GW, an increase of 21% compared to 2023. Among.

RCT Power says it has expanded its production capacity to 600 MW with two new hybrid inverter lines in Germany. From pv magazine Germany Germany-based RTC Power has commissioned a “Giga-Fab” hybrid inverter factory in Augsburg, southern Germany. The facility features two new production lines for.

The company offers innovative solutions for solar applications, including solar inverters, which contribute to greater energy independence for individuals and businesses worldwide. SolarInvert GmbH offers innovative solar inverters designed for optimal energy yield and stability, featuring high.

Why choose US Asgoft Asgoft is a professional manufacturer specific to solar niches, based on lithium batteries, in 2023, we became a tier 1 distributor of Deye in Europe and launched a new office in Germany! Asgoft focus on the market of europe, every products from US designed by good quality and.

Founded in 2001 in Böblingen, Axitec started as a German solar module brand. Today, the company offers a complete range of PV installation components. Its AXIhycon inverter series, with outputs from 5 to 50 kW, covers nearly all system sizes. Manufacturing takes place in partner facilities in.

RCT Power GmbH has launched a ‘Giga-Fab’ in Germany’s Augsburg region with 2

new production lines with a capacity to roll out around 5,000 hybrid solar inverters per month. The company will manufacture RCT Power DC 8 and DC 10 solar inverters on the new lines with an area of around 8,000 m<sup>2</sup>. The.
