

India Mumbai Power Storage Equipment Company

Overview

Is Tata Power installing a 100MW battery energy storage system in Mumbai?

Loading. Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage System (BESS) across Mumbai.

What are the benefits of a power supply system in Mumbai?

It will protect essential services including the Mumbai Metro, hospitals, airports, and data centers from large-scale blackouts. The system is also designed to optimize reactive power management, improve peak demand efficiency, and reinforce the city's overall electricity infrastructure.

What is a power storage system & how does it work?

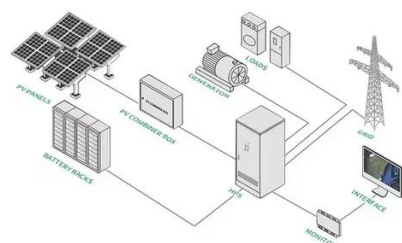

The storage system will connect to the city's electricity distribution network to serve multiple functions. It will be equipped with black start capability to restore power supply independently of the grid to critical infrastructure in the event of outages or blackouts.
