Zaramag-North Portal-Java, the only overhead power transmission line to the Tskhinvali region, is located near the Roki tunnel in the Dzomagi gorge. The capacity of the 39-km transmission line is 110 kW. The Russian energy company Inter RAO supplies electricity to the Tskhinvali region through this.

Let's cut to the chase: the Tskhinvali energy storage project bidding isn't just another infrastructure tender. Think of it as the energy industry's version of the World Cup – minus the soccer balls, but with way more lithium-ion batteries. This project targets governments, renewable energy.

What is China's first grid-level flywheel energy storage frequency regulation power station?

This project represents China's first grid-level flywheel energy storage frequency regulation power station and is a key project in Shanxi Province, serving as one of the initial pilot demonstration.
