

New investment in energy storage in Jakarta

Overview

GE and TotalEnergies, through their equally-owned joint venture Singa Renewables (Singa), have entered into a Co-Investment Agreement to develop, build and operate a solar photovoltaic (PV) power plant with battery energy storage system (BESS) in Riau Province, Indonesia.

GE and TotalEnergies, through their equally-owned joint venture Singa Renewables (Singa), have entered into a Co-Investment Agreement to develop, build and operate a solar photovoltaic (PV) power plant with battery energy storage system (BESS) in Riau Province, Indonesia.

As Indonesia's economic heartbeat, this megacity of 11 million people suffered 72 major blackouts in 2024 alone, costing businesses over \$380 million [1]. With electricity demand growing at 7.3% annually versus grid capacity expansion of just 4.1%, something's gotta give. Three critical pain points.

ed in Singapore, RGE is a global group of companies in the bio-based resources and energy sectors, serving over 100 markets worldwide. With more than US\$35 billion in assets and a workforce of 80,000 employees, our operations span across Indonesia, China, Brazil, Canada, Spain and Malaysia. As a.

Imelda Tanoto, Managing Director at RGE (right) and Helle Kristoffersen, President Asia and Member of the Executive Committee at TotalEnergies (left) announced a Co-Investment Agreement between RGE and TotalEnergies in the presence of Indonesian President Prabowo Subianto and French President.

Jakarta, October 15, 2024 – The Institute for Essential Services Reform (IESR), a leading energy and environment think tank, has released two new studies on solar energy development and an assessment of energy storage systems in Indonesia. The Indonesia Solar Energy Outlook (ISEO) 2025 report.

Let's cut to the chase: If you're exploring Jakarta energy storage product production, you're likely either an industry insider, a sustainability-focused business, or an investor eyeing Southeast Asia's clean energy gold rush. Jakarta's energy storage sector isn't just growing—it's exploding faster.

Indonesia's renewable energy push is opening vast investment opportunities, with

funding needs estimated at nearly US\$200 billion (Rp3,300 trillion), according to Stefanus Ade Hadiwidjaja, Managing Director of Investment Holding at State investment management agency BPI Danantara. Speaking at the.
