

Notification of the completion of Nordic energy storage project

Overview

On 5 September 2025, BOS Power signed a supply agreement with HiTHIUM, a leading global company in energy storage technology, for the delivery of 3 GWh of battery energy storage systems (BESS) to projects across Denmark, Sweden, Finland, and Norway through 2027.

On 5 September 2025, BOS Power signed a supply agreement with HiTHIUM, a leading global company in energy storage technology, for the delivery of 3 GWh of battery energy storage systems (BESS) to projects across Denmark, Sweden, Finland, and Norway through 2027.

A new battery storage project is nearing completion in Borup, Denmark, a region just north of the country's capital city, Copenhagen. According to Renewable Energy Magazine, energy company Nordic Solar has signed a credit agreement with Danish bank Ringkjøbing Landbobank to bring the energy-storage.

Yesterday, Nordic Solar officially inaugurated its first battery energy storage system (BESS) park in Denmark. The facility, located in Borup in the Municipality of Hillerød, marks a great milestone in the company's strategy to integrate battery storage into its portfolio of solar energy projects.

On 5 September 2025, BOS Power signed a supply agreement with HiTHIUM, a leading global company in energy storage technology, for the delivery of 3 GWh of battery energy storage systems (BESS) to projects across Denmark, Sweden, Finland, and Norway through 2027. As shown in the photo, CEO Ove Johan.

(IN BRIEF) SEB Nordic Energy's portfolio company Locus Energy, in partnership with Ingrid Capacity, is launching the largest battery energy storage project in the Nordics. The project, which will add 70 MW/140 MWh of storage to its Finnish renewable assets, is set for completion in 2026 in Nivala.

SEB Nordic Energy's portfolio company, Locus Energy, in collaboration with Ingrid Capacity, will build the largest battery energy storage project in the Nordics. The project will add 70 MW/140 MWh of storage capacity to SEB Nordic Energy's Finnish portfolio, which already includes wind and.

Denmark: Siltanews – News Desk Danish energy company Nordic Solar has signed

a credit agreement for its inaugural battery storage project, located in Borup near Hillerød, just north of Copenhagen. The agreement provides funding for construction, which will transition to long-term project financing.
