Sungrow is a global leading inverter solution supplier for renewables with over 49 GW installed worldwide as of June 2017. Founded in 1997 by University Professor Renxian Cao, Sungrow is a global leader in research and development in solar inverters, with numerous patents and a broad product.

Welcome to Waveinverter at 15 View Rd, Henderson, Auckland We are a one stop shop for everything related to off-grid power, we look after customers with solar powered homes, marine, motorhome and trade vehicles. We have the largest range of power inverters in New Zealand, and also solar panels.

Convert solar energy into usable power with our high-performance inverters. Designed for efficiency and reliability, our inverters optimise energy conversion, ensuring maximum output from your solar panels. Inverters seamlessly integrate with your solar system, providing stable and consistent power.

Empower your solar future with the best-in-class solar inverters for a sustainable energy solution. High quality solar inverters come with a 5-10 year warranty. Extended warranties are also available. Would you like to finance your amazing new ZEN solar system?

Discover MEDA's range of high-performance solar inverters, suitable for off-grid, hybrid, and grid-tied systems—including those with export to the grid. Whether you're powering a tiny home, motorhome, or a large residence, our inverters offer dependable, efficient energy conversion. All inverters. What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.

Where can I buy high-quality solar inverters in New Zealand?

Shop high-quality inverters at Mainenergy Limited, designed to optimize your solar energy systems in New Zealand. Discover our reliable and efficient range now.

Which Inverter should I buy in New Zealand?

In New Zealand, we strongly recommend GoodWe's range of inverters. GoodWe's main advantage is having 3 MPPT's, which allow greater flexibility on how panels can be arranged and distributed on your roof to generate the most power.

Why should you choose trade depot solar inverters?

Maximise your solar energy with high-performance inverters from Trade Depot. Convert and manage power efficiently for a dependable energy solution - NZ Wide Delivery
