As demand is rising around the world for off-grid power in far-flung, mobile, and emergency applications, people want to know how much does a solar container system cost?

Whether it's NGOs giving refugee camps electricity or construction firms seeking reliable power in undeveloped regions.

What is the difference between on-grid and off-grid?

On-Grid Systems tie directly to your utility grid, selling an alternative source of energy in addition to what your utility company provides. Off-grid systems do not

tie to the utility grid and are sustained using a battery bank. The battery bank.
