NABCO was built to help distributors deliver for customers. **BREAKERS ARE JUST THE START.** NABCO warehouses are packed with the electrical control and safety products your customers need to recover from an outage sooner, perform routine maintenance or extend the life of their aging electrical.

For more dramatic events like a short circuit, where a hot wire comes into direct contact with another wire or conductive surface, an electromagnet is activated by the sudden spike in current and trips the breaker almost instantly. This quick reaction prevents catastrophic surges that could melt.
