What power sockets are used in Bolivia?

Bolivia uses sockets (=outlets) Type A and C. Plug Type A is rated for 100-127V and 15A, featuring two pins and is ungrounded. Plug Type C is rated for 220-240V and 2.5A/10A/16A, featuring two pins and is ungrounded What power plugs are used in China?

China.

There are multiple plug types used in Bolivia (type A / type C). There is no one type that is more common than any other so you may be faced with any one of the sockets pictured to the right. Under these circumstances the best recommendation that we can make is that you invest in a decent worldwide.

You need to pack a Type C power adapter for Bolivia if the plug you intend on using won't fit in a Bolivian power outlet. The type of plug adapter, converter or charger that's needed when visiting Bolivia all depend on the voltage and type of device that you're attempting to charge with a Bolivian.

Power Plugs and Outlets in Bolivia | Need a Travel Adapter?

In Bolivia, they use Type A and C power plugs and outlets. The voltage is 230V, and the frequency is 50Hz. So, you'll definitely need a travel adapter in Bolivia. Not all their plugs and outlets are the same as our Type A and B back in the.
