What is LZY's mobile solar container?

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel.

Solar panel containers are intermodal freight containers used to transport solar panels and other components of the solar energy system. These solar energy products can be large and bulky, making them challenging to transport without the proper packaging and logistics. Fortunately, solar panel.

We are excited to offer great deals on full containers of solar panels by leading manufacturers! If you are looking for a container of a specific solar panel and do not see it below, please call us at (760) 597-0498 x 2 for more information on volume discounts.
