

# Wholesale bess battery system in Netherlands

48V 100Ah

## Overview

---

Who makes the Bess battery?

Conducting the engineering and construction of the BESS is the multinational company, Equans Netherlands. Dutch energy player, Eneco, is tasked with tweaking the battery for optimal performance, enabling it to maintain the grid's balance without escalating local congestion.

What type of battery does Bess use?

Current commercial BESS solutions primarily store energy in Lithium-ion batteries of various types (NMC, LFP, LTO). The UPS solutions are slowly transitioning to Lithium-ion battery technology but mainly still use the more traditional VRLA (Valve Regulated Lead Acid) or 'valve-regulated lead-acid batteries'.

How many MWh can a Bess battery store?

The sophisticated BESS consists of 144 cutting-edge lithium-ion sealed cells -known as Fluence cubes - boasting a formidable capacity of 90MWh. In relative terms, this battery can store power sufficient to fulfill the energy demand of approximately 21,500 homes each day.

How can elinex use a battery as a Bess solution?

The 3 main applications that ELINEX sees for a BESS solution are; Utilizing the battery as a return on investment (ROI) model through energy trading on the imbalance market and/or FCR (Frequency Containment Reserve) market. In many places in the Netherlands, grid congestion has occurred.

### [Backup power for Europe - part 6: Dutch BESS capacity](#)

The Dutch market offers strong revenue potential for BESS, driven by volatile electricity prices and growing flexibility needs. Deployment is accelerating, but challenges ...

### **Battery Energy Storage System - BESS , Elinex Power Solutions**

For both BESS and EMS, as well as Transformers, ELINEX has established a partner and eco-system. ELINEX has also selected a number of preferred energy traders to collaborate with.

### **BESS in the Netherlands**

This article examines the structure of the Dutch energy market, focusing on renewables and BESS (battery energy storage systems) and identifying opportunities and ...

### **Supplier of BESS , GreenWatt BV**

As a supplier of BESS, we handle after-sales services, including repairs and maintenance. We are the first point of contact. Integration through software can bring additional risks, so let us ...

### Lithium battery parameters

Product capacity: 100Ah

Product size: 135\*197\*35mm

Product weight: 1.82kg

197mm  
/7.7in

Product voltage: 3.2V

internal resistance: within 0.5

## BESS in the Netherlands

This article examines the structure of the Dutch energy market, focusing on renewables and BESS (battery energy storage ...
