-----

## Approximate Program

### Part I

Each hub will briefly summarize the following:

- 1. the main problems and obstacles it is facing in solving the project tasks;**
- 2. identifies the needs and requirements that, within the project's intentions, could help;**
- 3. any ideas that have emerged during the work so far as new and would help to develop and support the project goals.**

*Duration approximately 40 minutes, 10 minutes per hub*

*After individual presentations discussion among participants on emerged questions could follow*

### Part II

**Implementing the project for almost a year; questions from the Slovak implementation team to the hubs:**

- purchases already made: facilities / equipment / tool - **how are used, who uses them**
- purchases planned - **plan vs. need, any changes / adjustments**
- trainings implemented – **who were participants, is there another cooperation / follow-up with them planned**
- trainings planned - **plan vs. need, any changes / adjustments**
- building the network – **what are the contacts / cooperation with farmers / producers – currently and next plans:**

= how many entrepreneurs the hubs are working with

= what activities are implemented/ planned and when: **project and other initiatives, if any, to support production / business of other subjects in the network**

- community events for tree planting – **implemented / plans, how and how many people involved**
- **online awareness campaign** – ideas, options, possibilities
- **cooperation with institutions / authorities**
- **mitigation and adaptation measures (climate change)** – needs and opportunities – of partners and subjects in the network

*Duration approximately 60 minutes, discussion format*
